WIJAYAKUMAR DARSHAN

Software Engineer

PROFILE

A highly motivated individual with a strong ability to learn quickly and adapt to new challenges. Skilled in teamwork and collaboration, with a respectful approach to leadership while confidently taking on leadership responsibilities when needed. Equipped with a solid understanding of software projects, I am committed to delivering results and contributing effectively to any team or project.

WORK EXPERIENCE

Production Coordinator
St Anthony's Company – Ekala Mar 2022 – Sep 2024

- I want to manage the materials in the production floor and update the SAP system every day and allocate the labors for the machines.

PROJECTS

Chat App
